

ARUP EXTERNAL DECORATIONS

KEY FACTS

THE CHALLENGE

Rollright were tasked with completely redecorating, cleaning and replacing the external facade of a two-storey block of residential flats. Works were to be completed under restricted working hours in order to comply with local noise pollution laws.

THE SOLUTION

- Applying full scaffolding to the two main residential blocks.
- Cleaning and pointing the concrete planters and external birchwood cladding.
- Restaining the existing wooden cladding
- Utilising the scaffolding to undertake general structural repair works

THE OUTCOME

Rollright completed the works on-time and to budget, successfully meeting noise pollution laws and causing minimum disruption to the residents and general public.

Client: St George's Fields

Agent: ARUP

Value: £130,000

Duration: 10 weeks

Site: Residential flats on a private estate

Completion: October 2010

TESTIMONIAL

"We are delighted with Rollright's work on this project and would recommend the services of the Rollright team."
